

HEALTH & HYGIENE

We recommend the following cleaning routine to keep your Tarantula healthy and happy:

	Water	Substrate	Enclosure
Daily	Change old water for fresh water	Spot clean	Check vents / lid on enclosure are not blocked and allow air to pass through freely
Weekly	Disinfect water bowl or dish	Agitate substrate to prevent any bacterial build-up and to allow any dirty bedding to be removed	Wipe down inside the enclosure with a reptile safe disinfectant
Monthly		Full substrate change	Wipe down inside the enclosure and disinfect décor with a reptile safe disinfectant

Always wash your hands, surfaces and equipment with warm water and disinfectant immediately before and after handling your Tarantula their enclosure and any other equipment.
